

Visualization Matching Game

R.No: 38 Reg. No: 192425184 Name: U ROSHITHA

Each chart on the left (A-J) matches exactly one description on the right (1-10). Write the matching number next to each letter's blank.

A.		1. _____ Compares distributions across groups and highlights outliers
B.		2. _____ Shows how parts contribute to a whole
C.		3. _____ Shows the distribution of a single continuous variable
D.		4. _____ Shows part-to-whole composition across categories
E.		5. _____ Compares amounts across separate categories
F.		6. _____ Shows the relationship between two continuous variables
G.		7. _____ Shows how a cumulative total changes over time
H.		8. _____ Shows three variables at once using position and size
I.		9. _____ Shows how a value changes over time
J.		10. _____ Shows magnitude across two categories using color intensity

Activity - 2

Chart	Answer	Why?
A	2	Pie chart → Shows how parts contribute to a whole
B	3	Histogram → shows distribution of a continuous variable
C	9	Line chart → shows how a value changes over time
D	6	Scatter plot → shows relationship between two continuous variables
E	1	Box plot → compares distributions across groups and highlights outliers
F	10	Heatmap → shows magnitude using color intensity
G	8	Bubble chart → shows three variables using position & size
H	7	Area chart → shows how a cumulative total changes over time
I	4	Stacked bar chart → shows part-to-whole composition across categories
J	5	Bar chart → compares amount across several categories
